What's New

Kencor is proud to announce two of our team members being voted onto boards in the NAEC. The National Association of Elevator Contractors held their Annual Fall Convention & Expo in Montreal, September 19-22, 2016. During this time John Dodds, COO was voted onto the Board of Directors for a 3 year term and Matt Hollinshead, Service Supervisor was voted onto the Certification Board for a 3 year term, with a renewal term for an additional 3 years. The NAEC is the primary organization representing the elevator industry. The NAEC serves the interests of independent contractors and product suppliers, and strives for better education throughout the industry.

"We tailor our installation, service, and repair to your needs."

Did You Know?

According to Emporis, the fastest elevator in the world is located in Taiwan. It travels up to 37.7 mph. That's 1,670ft in 30 seconds!

Our Goals

Are you interested in learning more about elevators and the service you receive? If so, then we want to meet you! Please send an email to msmiley@kencorelevator.com with your name, customer name, address, contact phone number, with the subject line "Learn More", and we will coordinate a date and time for you to meet with one of our representatives. Please provide any specific information that you want to learn about so we can be prepared. Even if you don't have any particular questions and just want to meet us, that's alright too.
