What's New

The customer portal is now available through Kencor's website. Go to www.kencorelevator.com, on the home page there is a link titled Customer Login. Click on the link and you will be directed to the customer log in page. Enter your username and password to gain access to your service history. If you do not have log in credentials, please contact our office at 800-220-4046 and we will provide that information. As we continue to update our data base the customer portal will become more pertinent. Currently, customers have access to past maintenance visits and service calls with the resolutions. We will keep you posted as new information becomes available.

"We see our customers as invited guests to a party, and we are the hosts. It's our job every day to make every important aspect of the customer experience a little bit better."
~ Jeff Bezos

Did You Know?

Spring has arrived! Ask your mechanic to help you recognize any potential water damage threats to your elevator equipment.

Congratulations!

Kencor is proud to announce a few of our employees have been promoted.

Matt Hollinshead's new title is Service Manager. He will be handling many responsibilities that John Dodds used to. Matt will be your new primary contact in regards to Service.

Mike Hollinshead has been promoted to Service Supervisor. He will be taking over Matt Hollinshead's previous duties in regards to service.

Betsy Kennedy has worked her way up from Project Manager to overseeing the entire construction department. Betsy is Kencor's new Construction Sales Manager.
