What's New

Kencor is excited to announce and welcome new customers located in Washington D.C., Maryland, and Virginia. As of January 1, 2018, Kencor acquired Rescom Elevator. With this acquisition we gained experienced talent and a larger coverage area. Kencor now provides service to 6 states. We are extremely proud of this achievement and growth. With the help of hard working employees and a wonderful customer base, we will strive to continue to provide excellent service to all of our customers in each and every state. This venture will impact all of our departments. Keep an eye out for our crews!

Congratulations!

Mike Elliott is moving from our Construction/Modernization department to Service. Mike is your new Delaware/Maryland Service Supervisor. He has worked with Kencor for 8 years and has 40 years experience in our industry.

Jim Kennedy is still in our Construction department, but with a new title: Director of Construction and Modernization. Jim will oversee every construction job from New Jersey to Virginia.

John Phillips is joining Kencor from Rescom. He is in the process of transitioning and will be assisting the Service and Sales department for DC, Maryland & Virginia.

We see our customers as invited guests to a party, and we are the hosts. It's our job every day to make every important aspect of the customer experience a little bit better. — Jeff Bezos

Did You Know?

Elevators have mirrors to distract people from the length of the ride, claustrophobia, and to make the elevator look bigger.
